

DETAILED PROGRAMME

FACULTY OF VETERINARY MEDICINE, BUCHAREST

STUDENT SCIENTIFIC SYMPOSIUM

"New Trends in Veterinary Medicine"

SYMPOSIUM PROGRAMME

Tuesday, 15th April, 2025

Time	SESSIONS
08:00 – 09:00	Registration of participants <i>"A. Popoviciu" Hall - Building 17, Preclinical Sciences, ground floor</i>
09:00 – 09:20	Opening the Symposium – PLENARY session <i>"Aurel Popoviciu" Hall - Building 17, Preclinical Sciences, ground floor</i> <ul style="list-style-type: none">○ Prof. Dr. Sorin Mihai Cîmpeanu , Rector of the University of Agronomic Sciences and Veterinary Medicine of Bucharest○ Assoc. Professor Iuliana IONAȘCU, Dean of the Faculty of Veterinary
09:20 – 9.50	Dr. Sebastian ANGHEL, DVM – "Financial workshop – basic knowledge for successful business management"
10.00- 15.30	Oral paper presentations: parallel Sessions <i>Section I: <u>Preclinical Sciences</u> (sessions 4)</i> <i>"A. Popoviciu" Hall - Building 17, Preclinical Sciences, ground floor</i> <i>"I. Miclăuș" Amphitheatre - Building 14, Clinics Building, first floor</i> <i>Section II: <u>Clinical Sciences</u> (sessions 8)</i> <i>"R. Vlădescu" Amphitheatre - Building 2, ground floor – sessions 1 & 5</i> <i>"I. Athanasiu" Amphitheatre - Building 2, ground floor – session 2 & 6</i> <i>"N. Stamatin" Amphitheatre - Building 2, first floor – sessions 3 & 7</i> <i>"Al. Locusteanu" Amphitheatre - Building 2, First floor – sessions 4 & 8</i> <i>Section III: <u>Animal Productions and Public Health & Food Quality</u> (3 sessions)</i> <i>"I. Poenaru" Amphitheatre - Building 3, first floor, session 1& 2</i> <i>"I. Adameșteanu" Amphitheatre - Building 3, ground floor, session 3</i>
15.30 – 16:00	Closing ceremony – PLENARY session <i>"A. Popoviciu" Hall -Building 17, Preclinical Sciences, ground floor</i>
12:00 – 13:15	Lunch - Building 2 - Inner Court

DETAILED PROGRAMME

SECTION I – Veterinary Medicine – *Preclinical Sciences* (session 1)

TIME: 10:00 – 11:55

Location: “A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

Moderators:

1. Prof. Dr. Iuliana Codreanu
2. Prof. Dr. Gabriel Cotor
3. Assoc. Prof. Dr. Gabriel Gâjâilă
4. Student Lazăr Diana

Technical assistance: Assist. Prof. Nicolae Simona

Time	Authors / Coordinator	Paper Title
10:00	Bulai Mihaiela	The importance of the Glasgow Scale in the therapeutic approach to pain in dogs and cats
10:10	Burlacu Sabina	Study on the pathogenesis of ascites syndrome in canine patient
10:20	Buzatu Florina Daria	The Therapeutic Approach in Chronic Kidney Disease in Cats - Study Case
10:30	Chivu Andreea Nicola, Burducea Florina, Sutescu Luca	Summary of morpho biological characterization on Lactobacilli strain CNCM I-1572 Lactobacillus paracasei spp. used in probiotics
10:40	Constantin Elena-Doina	Physico-chemical and antioxidant characterization of flax and argan oils
10:50	Cordea Claudia-Elena	Comparative analysis of the normal and pathological spleen in dog: macroscopic and microscopic observations
11:00	Dagdeleni Lydia	Qualitative and quantitative study of microbial flora in veterinary clinical incubators
11:10	Dinu Alex Cristian	Skull Morphology in the Indian elephant (<i>Elephas maximus indicus</i>)
11:20	Dorobanțu Bianca-Ecaterina	Assessment of the effect of berry leaves feeding on refrigerated chicken liver
11:30	Eparu Catalin-Stefan	Efficacy of Anticonvulsant Drugs in Canine Epilepsy
11:40	Discussion: Q & A	

12:00

Lunch - Building 2 - Inner Court

DETAILED PROGRAMME

SECTION I – Veterinary Medicine – Preclinical Sciences (session 2)

TIME: 10:00 – 11:55

Location: “I. Miclăuș” Amphitheatre – Building 14, Clinics Building, first floor

Moderators:

- 1. Prof. Dr. Ștefania Raita**
- 2. Assoc. Prof. Dr. Petronela Mihaela Roșu**
- 3. Lecturer Dr. Diana Alexandru**
- 4. Student Mădălin Peia**

Technical assistance: Assist. Prof. Ioana Nicole Reu

Time	Authors	Paper Title
10.00	Fedot Oana Maria	The effect of sea buckthorn and avocado extracts on the oxidative stability of vegetable oils used in mayonnaise preparation.
10.10	Ganescu Daria Teodora	Therapeutic potential of Tarantula venom extract (TheraneKron) in papillomatosis: a case study
10.20	Gheorghe Adriana Ștefania	Study on enteric-origin bacteria involved in the etiology of urinary tract infections in dogs and cats
10.30	Gheorghe-Tănase Sofia-Maria	Comparative analysis of the 2010 and 2015 international league against epilepsy (ILAE) classifications of epileptic seizures: diagnostic, semiological, and etiological perspectives
10:40	Guță Ana-Maria	Non-toxic alternatives in histology practice
10:50	Hurducaș Ekaterina, Băicuș Maria-Oana, Iojă Ana-Cristina, Leonte Delia-Mihaela	Identification process of an unknown contaminant in a yoghurt sample
11:00	Ionășcuț Mircea	Morphological particularities of the vertebral column in the Bactrian Camel (<i>Camelus bactrianus</i>)
11:10	Ionescu Melissa Georgiana	A study on some biological properties of <i>Listeria</i>
11:20	Ionita Anca Georgiana Catalina	Study regarding the therapeutic approach in canine epilepsy
11:30	Ionita Teodor Matei	Histological study on the comparative analysis of formed elements in goat and cattle
11:40	Discussion: Q & A	

12:00

Lunch - Building 2 - Inner Court

DETAILED PROGRAMME

SECTION I – Veterinary Medicine – Preclinical Sciences (session 3)

TIME: 13:20 – 15:30

Location: “A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

Moderators:

- 1. Prof. Dr. Iuliana Codreanu**
- 2. Prof. Dr. Gabriel Cotor**
- 3. Assoc. Prof. Dr. Gabriel Gâjâilă**
- 4. Student Diana Lazăr**

Technical assistance: Assist. Prof. Nicolae Simona

13:20	Jaouen Morgane	La contamination des flacons d'antibiotique multiponctionnables en clinique vétérinaire
13:30	Jiru Sofia Ioana	Epidemiological and morphological aspects of canine mesothelioma
13:40	Lazăr Andreea-Diana	Partial results of the study: Experimenting an unconventional method of preserving anatomical specimens
13:50	Manolache Maria-Cristina	Therapeutic management in Feline Urologic Syndrome – Study case
14:00	Martin Elise	Research into the welfare of pet animals during reception and consultation in veterinary care establishments.
14:10	Melinte Cristian-Daniel	Study of the impact of freezing on some psysico-chemical proprieties of chicken liver.
14:20	Mezzana Carla	Comparative study of the dynamics of Salmonella typhimurium inoculated in canine food
14:30	Militaru George Alexandru	The <i>Staphylococcus</i> identification by enzymatic tests and other properties
14:40	Mirea Tiberius-Marian	Efficacy of Imidocarb Dipropionate therapy in canine babesiosis – Study case
14:50	Moacă Paula-Maria	Evaluation of the antioxidant capacity of some oils intended for the pharmaceutical industry.

15:00 **Discussion: Q & A**

15.30 – 16:00

Closing ceremony – PLENARY session

“A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

SECTION I – Veterinary Medicine – Preclinical Sciences (session 4)

TIME: 13:20 – 15:30

Location: “I. Miclăuș” Amphitheatre – Building 14, Clinics Building, first floor

Moderators:

1. Prof. Dr. Ștefania Raita
2. Assoc. Prof. Dr. Petronela Mihaela Roșu
3. Lecturer Dr. Alexandru Diana
4. Student Mădălin Peia

Technical assistance: Assist. Prof. Ioana Nicole Reu

Time	Authors	Paper Title
13:20	Mocăniță Ioana Delia	Some differences and similarities about the skin colour in humans and animals based on melanocyte distribution
13:30	Orac Stefan	Morphological Aspects of the Skull of the Eurasian Otter (<i>Lutra lutra</i>)
13:40	Păduraru Delia Cristina	Comprehensive screening of urinary lesions in veterinary medicine: pathological, cytological and crystallographic analysis
13:50	Panait-Militaru Sabina-Elena	Homeopathy in veterinary medicine: an invaluable natural resource
14:00	Paraschiv Radu-Tudor	Morphological aspects of the thoracic girdle, stylopodium and zygapodium in the south American sea lion (<i>Otaria flavencens</i>)
14:10	Peia Ionuț Mădălin	Morphological aspects of the thoracic girdle, stylopodium and zygapodium in the Mandrill (<i>Mandrillus sphinx</i>)
14:20	Petrica Teodora-Stefania	The mitochondria's power or how different circumstances affect its ultrastructure
14:30	Petriță Andreea-Diana	Different morphological aspects of blood tissue in representatives of the order Testudines
14:40	Popescu Teodora Roberta	Comparative physiological aspects regarding the cardiological examination in domestic carnivores
14:50	Vlad Eliza	Methods of Amplifying Acid-Fastness in Bacteria Belonging to the Genus Nocardia
15:00	Discussion: Q & A	

15.30 – 16:00

Closing ceremony – PLENARY session

“A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

SECTION II - Veterinary Medicine - Clinical Sciences (session 1)

TIME: 10:00 - 11:55

Location: "R. Vlădescu" Amphitheatre - Building 2, ground floor

Moderators:

1. Prof. Dr. Alexandru Vițălaru
2. Assoc. Prof. Dr. Ruxandra Costea
3. Lecturer Dr. Seralp Uzun
4. Lecturer Dr. Raluca Rizac
5. Student Miruna-Mihaela Marcu

Technical assistance: Lecturer Dr. Cătălin Micșa

Time	Authors	Paper Title
10:00	Ariton Delia	Study on the epidemiology, diagnostic methods and treatment of canine Dirofilariosis
10:10	Basalic Eduard-Cristian	Researches regarding the incidence and complications type of temporary central venous catheters in dogs undergoing hemodialysis
10:20	Bitire Ana-Patricia	A retrospective study of squamous cell carcinoma cases diagnosed in cats and dogs within the Pathology Laboratory of the Faculty of Veterinary Medicine
10:30	Boboacă Andreea-Denisa	Preliminary Study Concerning Hepatic Lipidosis And Obesity In Domestic Cats
10:40	Boboc Razvan-Teodor	Diagnosis and therapeutic management of pancreatitis in dogs
10:50	Bocquel Chloé	Comparison of two methods: optical refractometry and zinc sulphate precipitation, for analysis of Charolais cow colostrum quality
11:00	Carp (Cîrjanu) Maria - Iulia	Palliative care in a geriatric terminal patient - Case report
11:10	Ceatloș Francisc-Andrei	Radiologic Diagnosis and Treatment of Appendicular Skeletal Fractures, Dislocations and Sprains in Birds of Prey
11:20	Chambrin Anaïs	Retrospective study of predisposing factors for anterior cruciate ligament rupture in dogs
11:30		Discussion: Q & A

12:00

Lunch - Building 2 - Inner Court

DETAILED PROGRAMME

SECTION II – Veterinary Medicine – Clinical Sciences (session 2)

TIME: 10:00 – 11:55

Location: *“I. Athanasiu” Amphitheatre - Building 2, ground floor*

Moderators:

1. Prof. Dr. Doina Daneş
2. Assoc. Prof. Dr. Nicolae Tudor
3. Lecturer Dr. Cristina Preda
4. Lecturer Dr. Răzvan Dobre
5. Lecturer Dr. Raluca Turbatu

Technical assistance: Student Ramona Florina Jinga

10.00	Jinga Ramona-Florina	Anatomopathological aspects and real-time PCR detection in a Marek's disease outbreak in Galati County
10.10	Chiticaru Camelia Stefania	Research on the etiopathogenesis, diagnosis and treatment of pulmonary edema in canines
10.20	Ciobotaru Adriana	Clinical and paraclinical examination protocol for cats with intestinal proliferations, for a correct diagnosis
10.30	Cîrjanu Cosmin-Silviu	Clinical study on the incidence of metritis within the Agrozootehnica Ulmeni - Călăraşi Farm
10.40	Colac Ioana	Evaluation of the effectiveness of oxalic acid in the treatment of varroa in bee colonies
10.50	Cristea Aneliss Ionelia	Evaluation of the effectiveness of Milprazon in the diagnosis and control of heartworm disease in dogs
11:00	Danciu Izabela-Maria	Placental anomalies: etiology, diagnosis and clinical implications
11:10	Dedeyan Jean-Marie	Analyse comparative retrospective de l'incidence et des issues cliniques de la parvovirose canine en France et en Roumanie
11:20	Destrero Vincenzo	Magnetic resonance imaging (MRI) aspect of cholesteatoma in dogs
11:30		Discussion: Q & A

12:00

Lunch - Building 2 - Inner Court

DETAILED PROGRAMME

SECTION II – Veterinary Medicine – Clinical Sciences (session 3)

TIME: 10:00 – 11:55

Location: “N. Stamatin” Amphitheatre - Building 2, First floor

Moderators:

1. Prof. Dr. Mario Codreanu
2. Assoc. Prof. Dr. Iuliana Ionaşcu
3. Assoc. Prof. Dr. Gheorghe Goran
4. Lecturer Dr. Cristina Fernoagă
5. Lecturer Dr. Duca Ion

Technical assistance: Student Chiran Alin-Nicolae

10.00	Dicu Diana-Gabriela	Case study on the toxicity of selective serotonin reuptake inhibitors in chinchillas
10.10	Drăghici Ştefania	Study on prevalence of parasitism in small ruminants in Prahova County
10.20	Dumitrescu Irina-Theodora	Clinical outcomes and associated comorbidities in feline chronic kidney disease
10.30	Enache Anca	Restrictive cardiomyopathy in cats: pathophysiological mechanisms and management approaches
10:40	Enache Stefania	Study on primary and secondary pulmonary tumoral lesions in domestic carnivore
10:50	Chiran Alin-Nicolae	Mercury toxicity in aquatic ecosystems: lessons from Minamata disease
11:00	Frunza Ioana	The use of hyperimmune serum (Salvacan p) in the treatment of canine parvovirus disease
11:10	Gheorghe Andreea	The clinical, neurological, and therapeutic approach to cerebellar pathologies in dogs. Chiari-like malformation
11:20	Ghervasie Cristiana-Maria	Imaging aspects of the gastrointestinal tract in the guinea pig
11:30	Discussion: Q & A	

12:00

Lunch- Building 2- Inner Court

DETAILED PROGRAMME

SECTION II - Veterinary Medicine - Clinical Sciences (session 4)

TIME: 10:00 - 11:55

Location: *"Al. Locusteanu" Amphitheatre - Building 2, First floor*

Moderators:

1. Prof. Dr. Laurențiu Tudor
2. Prof. Dr. Stelian Băraităreanu
3. Assoc. Prof. Dr. Poliana Tudor
4. Lecturer Dr. Emanuela Badea
5. Lecturer Dr. Dorin Țogoe

Technical assistance: Student Ana-Maria Vișan

10.00	Ghica Iulia Maria	Diagnosis of potentially abortifacient parasites in Bubaline embryo donors
10.10	Hameed Aisha	Perianesthetic management of patients with cerebral disorders undergoing magnetic resonance imaging
10.20	Ilie Nicușor	Imaging diagnosis in panosteitis, a case report
10.30	Ionita Alexandra-Maria	Multimodal approach to the diagnosis of oral cavity tumors in dogs
10.40	Ivan Maria Teodora	Clinical-diagnostic coordinates in inflammatory pancreatic diseases in small companion animal
10.50	Ivănuș Elena Gabriela	Macroscopic and microscopic analysis of mammary tumors metastases in domestic carnivores: Prognostic implications
11:00	Fogor Viorel	An analysis regarding the efficiency of internal deworming programs applied for camelids in captivity
11:10	Kimmes Clotilde	Application of bacteriological diagnosis with the Patho 12 approach through the example of the veterinary clinic of Saint-Hilaire-du-Harcouët
11:20	Locqueneux Maxine	Partial ear canal ablation and lateral bulla osteotomy (PECA:LBO): an innovative surgical approach to chronic otitis in hypertype rabbits
11:30	Discussion: Q & A	

12:00

Lunch- Building 2- Inner Court

DETAILED PROGRAMME

SECTION II – Veterinary Medicine – Clinical Sciences (session 5)

TIME: 13:20 – 15:30

Location: “R. Vlădescu” Amphitheatre - Building 2, ground floor

Moderators:

1. Prof. Dr. Alexandru Vițălaru
2. Assoc. Prof. Dr. Ruxandra Costea
3. Lecturer Dr. Seralp Uzun
4. Lecturer Dr. Raluca Rizac
5. Lecturer Dr. Cătălin Micșă

Technical assistance: Student Miruna-Mihaela Marcu

Time	Authors	Paper Title
13:20	Luca Georgiana Adina	Analysis on the hematological and biochemical profile for canine and feline patients that suffer from hepatic and urinary diseases
13:30	Luca Sabina-Cristina	The sweetest poison - Theobromine
13:40	Lupu Bianca Elena	Clinical and therapeutic approach to intervertebral disc herniation in dogs
13:50	Mărghidanu Daria-Ioana	Pet owners' perception of the quality of veterinary medical care
14:00	Măriuță Melania	Intoxication with lilies in cats - literature review
14:10	Marcu Miruna-Mihaela	Retrospective clinical study of equine colic: diagnosis, treatment and prognosis
14:20	Marin Maria Elena Eugenia	The impact of Trichinellosis in rural communities of Prahova County: an assessment of prevalence and public awareness regarding zoonotic risk
14:30	Mocanu Diana Antonia	Comparative histopathological study of oral cavity diseases in domestic cats
14:40	Mureșan Emilia-Denisa	Study on the diagnosis and staging of degenerative mitral valve disease in dogs
14:50	Nache Liliana	Clinical evaluation of Vetrix ® EyeQ™ amniotic eye drops in the treatment of refractory corneal ulcers in dogs
15:00		Discussion: Q & A

15.30 – 16:00

Closing ceremony – PLENARY session

“A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

SECTION II – Veterinary Medicine – Clinical Sciences (session 6)

TIME: 13:20 – 15:30

Location: *“I. Athanasiu” Amphitheatre - Building 2, ground floor*

Moderators:

1. Prof. Dr. Doina Daneş
2. Assoc. Prof. Dr. Niculae Tudor
3. Assoc. Prof. Dr. Cristina Preda
4. Lecturer Dr. Răzvan Dobre
5. Lecturer Dr. Raluca Turbatu

Technical assistance: Student Ramona Florina Jinga

13:20	Neata-Stancu Andra Iulia	Retrospective analysis of pathology laboratory data from 2021 to 2024: trends, patterns, and pathology insights
13:30	Nichifor Ruxandra-Maria	Electrocardiogram changes in canine patients with acute kidney injury undergoing hemodialysis
13:40	Niculescu Ioana-Adina	<i>Otodectes cynotis</i> , its impact on dogs and cats
13:50	Niță Daria Miruna	Study on the prevalence of gastrointestinal parasites in dogs and cats in the southern Ilfov county
14:00	Norikané Marie	Retrospective study of the clinical, diagnostic and therapeutic management in Cushing's syndrome
14:10	Paraipan Andreea Ioana	Sclerocorneal limbus melanocytoma in a dog - case study
14:20	Pascu Maria Anastasia	Gastrointestinal tract pathology and other digestive system disorders found in the Guinea pig (<i>Cavia porcellus</i>)
14:30	Paun Alexandru-Levi	Study on the prevalence of gastrointestinal parasites in sheep from eastern Teleorman County, Romania
14:40	Petre Claudia Georgiana	Research on the concentration of heavy metals in hair samples of dogs and cats with renal failure
14:50	Petrescu Irina Ilinca	Research on cutaneous and subcutaneous tumors in dogs: partial results

15:00 **Discussion: Q & A**

15.30 – 16:00 **Closing ceremony – PLENARY session**

“Aurel Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

SECTION II - Veterinary Medicine - Clinical Sciences (session 7)

TIME: 13:20 - 15:30

Location: "N. Stamatin" Amphitheatre - Building 2, first floor

Moderators:

1. Prof. Dr. Mario Codreanu
2. Assoc. Prof. Dr. Iuliana Ionaşcu
3. Assoc. Prof. Dr. Gheorghe Goran
4. Lecturer Dr. Cristina Fernoagă
5. Lecturer Dr. Duca Ion

Technical assistance: Student Chiran Alin-Nicolae

13:20	Pietu Corentin	High-rise syndrome, a cause of thoracic polytrauma in urban felines.
13:30	Pîrcălăbescu Andreea Maria	Clinical, neurological and therapeutic approach to cerebral hemisphere diseases
13:40	Piticu Daria-Ioana	Anatomo-pathological study of cutaneous and subcutaneous lesions in domestic cats
13:50	Pretorian Karina	Challenges for turtle anesthesia
14:00	Pricop Vasile	Tracheal collapse in dogs: diagnosis, classification and therapeutic approach
14:10	Rada Cosmin Mihai	Post-traumatic imaging aspects of the thorax
14:20	Re Louana	Thoracic wall reconstruction with polypropylene mesh in dogs
14:30	Revon Marine	Permethrin spot-on intoxication in cats: clinical signs, diagnosis and treatment.
14:40	Silişte Maria-Tatiana	Study of helminthiasis in horses raised in the farm environment in Călăraşi County
14:50	Şmina Lucia	Clinical-therapeutic coordinates and diagnostic methods in equine gastric ulcer syndrome
15:00	Discussion : Q & A	

15.30 - 16:00 Closing ceremony - PLENARY session

"A. Popoviciu" Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

SECTION II – Veterinary Medicine – Clinical Sciences (session 8)

TIME: 13:20 – 15:30

Location: *“Al. Locusteanu” Amphitheatre - Building 2, First floor*

Moderators:

1. Prof. Dr. Laurențiu Tudor
2. Prof. Dr. Stelian Băraităreanu
3. Assoc. Prof. Dr. Poliana Tudor
4. Lecturer Dr. Emanuela Badea
5. Lecturer Dr. Dorin Țogoe

Technical assistance: Student Ana-Maria Vișan

13:20	Spiridon Beatrice Maria	Study on etiopathogenesis and diagnosis of sepsis syndrome in domestic carnivores
13:30	Stanciu Ioana-Raluca	Case studies on anticoagulant rodenticide intoxications in dogs
13:40	Stoica Andra-Mihaela	Retrospective study of canine hemangiosarcoma: Incidence, distribution and diagnosis
13:50	Tănăsescu Andreea Cătălina	Study on the frequency of parasitic infestations in horses in Giurgiu County
14:00	Tecșa Karina-Ana	Perineal hernia in dogs clinical and surgical approach
14:10	Țocu Alexandru Iulian	Incidence of genital and mammary gland pathologies in rabbits
14:20	Tufan Elena Alexandra	Diagnosis and therapeutic management of hyperthyroidism in cats
14:30	Văleanu Alina-Maria	The psychology of the horse and the role of emotions in its behavior
14:40	Vișan Ana-Maria	Current knowledge on avocado intoxication in cats
14:50	Vlăescu Alexandru	The importance in pathology of captive maintenance conditions in aquatic turtles
15:00	Discussion: Q & A	

15.30 – 16:00

Closing ceremony – PLENARY session

“A. Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor

DETAILED PROGRAMME

**SECTION III – Veterinary Medicine –
Animal Productions and Public Health & Control and Expertise of Food Products (session 1)
TIME: 10:15 – 11:55**

Location: “I. Poenaru” Amphitheatre - Building 3, first floor

Moderators:

1. Prof. Dr. Dana Tăpăloagă
2. Assoc. Prof. Dr. Nicoleta Ciocîrlie
3. Assoc. Prof. Dr. Cosmin Şonea
4. Lecturer Dr. Lucian Ilie

Technical assistance: Student Tiberius Pîrvan

Time	Authors	Paper Title
10.00	Baciu Ana	Electroactivity as a basis for quantitative analysis of sulfite. Comparison with the titrimetric method
10.10	Căciulan Cătălina-Ionela	Study on the influence of raw material quality on the organoleptic characteristics of bakery products obtained in a specialized unit in Giurgiu County
10.20	Calotă Nicoleta-Alexandra	Quality management systems in the production of different types of biscuits
10.30	Chelu Stefania-Georgiana	Research on the epidemiology and incidence of Trichinosis in domestic and wild pigs in Telorman County
10:40	Coman Irina-Maria	The study of rheological parameters of radius and ulna bones in birds
10:50	Conţiu Sabina	Correlations between morphological characteristics and performance of endurance horses
11:00	Dănilă Mara	Study on the influence of storage conditions on honey
11:10	Dumitru Diana-Isabela	Study on non-adaptive behaviors in horses influenced by the environment at the microfarm level
11:20	Gheorghe Traian Gabriel	Evaluation of veterinary sanitary control points in a specialized swine slaughterhouse
11:30	Ghise Claudia-Maria	Dynamics of changes in frozen meat quality
11.40	Grigore Florin	Evaluation of veterinary drug residues in animal products: Detection methods and their impact on food safety
11:50	Andreea Georgiana Ene	Listeria monocytogenes detection in cheese samples

12:00

Lunch- Building 2- Inner Court

DETAILED PROGRAMME

**SECTION III - Veterinary Medicine -
Public Health and Animal Productions & Control and Expertise of Food Products (session 2)
TIME: 10:15 - 11:55**

Location: "I. Adameşteanu" Amphitheatre - Building 3, ground floor

Moderators:

1. Assoc. Prof. Dr. Elena Mitrănescu
2. Assoc. Prof. Dr. Carmen Petcu
3. Assoc. Prof. Dr. Liliana Tudoreanu
4. Lecturer Dr. Alina Ionescu

Technical assistance: Student Nicu Ştirbu

Time	Authors	Paper Title
10.00	Guşoi Alexandru	Comparative study on the level of heavy metals in milk and blood in cows – A literature review
10.10	Lafi Aglaia	Literature review of mercury concentrations found in fish from the Aegean Sea
10.20	Le Borgne Anna	Communication with the owner before, during and after euthanasia of a pet
10.30	Metea Liana Florentina	Variation of textural properties of grapes depending on storage and position on the bunch.
10:40	Mihai Simona Maria	A comparative assessment of freshness and safety indicators in artisanal and industrial yoghurts
10:50	Mitoşeru Bianca Maria	Partial results regarding milk production in cattle raised in an intensive system
11:00	Pîrvan Tiberius-Adrian	Integrated Approach to Environmental Legislation with Food Safety
11:10	Petit Léonie	Improvement of lemurs captivity conditions in an NGO in Madagascar
11:20	Picioarea Theodora Andreea	Variation of textural properties during ripening of brine cheese produced in a Family farm in Prahova County
11:30	Popescu Andreea Gabriela	Technological particularities in beer pasteurization
11.40	Popescu Ruxandra Andreea	Incidence of dermatological cases in a private hospital in a rural area
11:50	Discussion: Q & A	

12:00	<i>Lunch- Building 2- Inner Court</i>

DETAILED PROGRAMME

**SECTION III – Veterinary Medicine –
Public Health and Animal Productions & Control and Expertise of Food Products (session 3)
TIME: 13:20 – 15:30**

Location: “I. Poenaru” Amphitheatre - Building 3, First floor

Moderators:

1. Prof. Dr. Dana Tăpăloagă
2. Assoc. Prof. Dr. Nicoleta Ciocîrlie
3. Assoc. Prof. Dr. Cosmin Şonea
4. Lecturer Dr. Lucian Ilie

Technical assistance: Student Tiberius Pîrvan

Time	Authors	Paper Title
13:20	Preoteasa Mihai	Study on the welfare management of dogs in a private shelter in the south of the country
13:30	Sicaru Elena Gabriela	Quality assessment of non-carbonated beverages with aloe vera pulp and coconut jelly in correlation with consumer safety
13:40	Sotir Oana Cristina	Research on the validity of eggs under optimal storage conditions and thermal stress
13:50	Stângă Alexandru Ion	Practical applications of quality management on a traditional sheep farm
14:00	Ştirbu Nicu	Quality requirements in a meat processing plant
14:10	Taudor Diana Maria	Organic egg production in Romania and the EU: Insights for 2014-2030
14:20	Tudoran Bianca Maria	Quality Parameters of different types of flour and cornmeal produced in an Integrated Agro-Food Unit from Călăraşi County
14:30	Turiac Diana Maria	Determination of tropane alkaloids in cereals, cereal products, and herbal infusions using the Ls-Ms/Ms technique
14:40	Tutica Ioan-Cristian	Artificial selection based on phenotype and genotype in Anglo-Nubian goats
14:50	Ursu Anisa	Literature review of mineral element and heavy metal concentrations in honey
15:00		Discussion: Q & A

15.30 – 16:00

Closing ceremony – PLENARY session

“Aurel Popoviciu” Hall - Building 17, Preclinical Sciences, ground floor
